Dear Shambhavi ma'am,

I want to extend my sincere gratitude to you and your team for the exceptional hospitality extended to us during our visit to Government Polytechnic College, Madhubani. The warmth, enthusiasm, and professionalism we experienced truly made our visit memorable.

What stood out the most was the remarkable quality of your students. Their confidence, technical acumen, and willingness to engage in meaningful discussions reflect the rigorous training and holistic development initiatives undertaken by your institution. From mock tests and personality development programs, workshops to cross-functional team interactions, it is evident that the college is nurturing not just skilled professionals but future leaders. These forward-thinking practices will undoubtedly empower students to excel in their careers and contribute meaningfully to society.

As an industry experts, your institution's objectives to build an environment where education goes beyond textbooks and into real-world applications is truly inspiring. The way you have integrated experiential learning with social engagement will set a new benchmark for future engineers, ensuring they step into the industry not only with technical knowledge but also with a strong sense of responsibility and innovation.

Additionally, we deeply appreciate the opportunity to experience the rich cultural heritage of Mithila during our visit. It was a pleasure to witness the region's vibrant traditions and hospitality firsthand.

We look forward to continued collaboration and hope to see your students making remarkable contributions soon.

Wishing you and your institution continued success in shaping the next generation of engineers and changemakers.

Best regards,
Aamir Usmani
