Press Note

IoT Workshop at Government Polytechnic Madhubani by Amyra Cadezone Services Patna
Date: 19 MAR 2025

Government Polytechnic Madhubani organized a seminar on the "Internet of Things (IoT)" by Amyra Cadezone Services Patna on February 25, 2025 under the guidance of Nikhil Sahu, to introduce students to the emerging field of IoT technology. The seminar marked the beginning of a 7-day (from 19/03/25 to 25/03/25) IoT workshop aimed at providing in-depth knowledge and hands-on experience in IoT applications. The Workshop is lead by Aquib Ansari and Emran Hassan.

During the seminar, the workshop schedule was outlined as follows:

- The first three days will cover theoretical sessions, focusing on IoT concepts, applications, and various devices used in IoT technology.
- The subsequent four days will be dedicated to practical project work, where participants will work on 12 different IoT projects.
- On the final day, participants will present one selected project, explaining its functionality, components, and implementation.

The success of the workshop is credited to the efforts of Training Officer Kumari Shambhavi and Assistant TPO Ashish Kumar Jha, who worked tirelessly to coordinate the event under the guidance of EC HOD Tasgheer Ehsaan. Their dedication and teamwork have ensured a productive learning experience for all participants, fostering technical skills and innovative thinking.

The workshop has been made possible through the support of Principal Shambhoo Kant Jha, expressed confidence that the workshop will help students gain valuable insights into IoT technology and develop innovative thinking. His commitment to providing practical learning opportunities reflects the institution's dedication to enhancing students' technical skills and industry readiness.
